**SOME RECENT FORGERIES & BOGUS OF
REICHSPROTEKTORAT BÖHMEN & MÄHREN,
SUDETEN AND LOCAL CSR (1945).**

NOVEMBER 2009.

I present here good scans of various interesting forgeries and bogus of stamps of Bohemia & Moravia, Sudeten and 1945 (?) locals appeared during the year 2008. I have provided all possible information about them. As far as I know, all the stamps shown here are signed with forged signatures and none of them is backstamped "FORGERY", "FAKE", "FALSCH", etc. If you are the unlucky owner of one or more of them please help me with the lacking information, specially with scans of the back signatures. Surely this will help a lot of people. Thank you very much.
